

Speaking of...

Each person shares 2-3 things about themselves:

1. Personal Information
2. Professional Information
3. Interesting fact

Format: This is an ice breaker that can be done quickly. A person begins by sharing the above information about themselves. From there, people share their information in a “popcorn” style by beginning with, “speaking of...” They must tie their introduction into something said by the previous person.

Example: The first person says that they are from Savannah, Georgia. Another person might begin with, “Speaking of Savannah, my daughter’s name is Savannah.”
