TOUR THE CHATTANOOGA STEM HIGH SCHOOL

Parents, educators and community partners can tour the Chattanooga STEM High School facility and learn about the curriculum, technological tools and student resources in place to pioneer new educational strategies around science, technology, engineering, art and mathematics. In our regional initiative, STEM education is not simply focused on what students learn. STEM education is truly about *how* students learn. Touring the Chattanooga STEM High School provides participants with a clear understanding of the school's student-centered focus in educational accountability and the hands-on instruction teachers use to engage student interest and creativity in the learning process.

TOURS FOR PROSPECTIVE STUDENTS AND PARENTS

Tours for prospective STEM students and parents will be conducted on Mondays from 2:00pm – 3:00pm on the dates listed below. Tours will include an introduction by the school administration, a student-led tour and a Q&A session with the principal or lead teacher.

- December 10, 2012
- December 17, 2012
- January 14, 2013
- January 21, 2013
- January 28, 2013

TOURS FOR EDUCATORS AND THE PUBLIC

Tours for educators, community organizations and members of the community can be scheduled for Tuesday or Thursday from 1:00pm – 2:30pm. All tours must be scheduled in advanced and are limited to one group or organization per tour date. These sessions will include an introduction by the school administration, a student-led tour, classroom visits and a STEM education discussion facilitated by staff from the Southeast Tennessee STEM Innovation Hub.

• **All tours must be scheduled in advance** •

Contact the school administrator to set up a tour day and time
